

# Affiliated Studs for Sponsored Sales Guidelines

"Affiliated Studs for Sponsored Sale" status has been set up to assist immediate families who operate multiple studs, whether they hold Stud or Junior memberships, to sell their best drafts together at Society Sponsored Sales. Their combined allocation does not increase and in some cases will decrease with the implementation of this and will be subjected to the Sale Allocation system. The combined bull draft may be sold in the order deemed most suitable to showcase the bulls.

To be eligible you must meet one of the following criteria. If you do not meet the following criteria then you cannot apply for Affiliated Studs for Sponsored Sale status.

- Immediate family members who have stud and/or junior membership.
- Husband and wife, defacto and parent and child (immediate family) who operate multiple stud memberships.
- Multiple studs owned by the same person/s.

If you meet the criteria above you need to follow the steps below:-

- Submit the Affiliated Studs for Sponsored Sales application prior to Number Nomination lodgement, an application must be made for each sale.
- At time of Number Nomination you need to fill in the following:-
  - Fill in Affiliated Stud section
  - List both prefixes on number nomination form.
  - Nominate combined numbers on number nomination form.
- At the time of Pedigree Nomination
  - Fill in Affiliated Stud section
  - Fill in Registration details and selling order forms jointly.
  - Animals from both studs must be pedigree nominated.

Selling Options:-

- Combined allocation will be treated as one vendor
  - Sell combined allocation in whatever order, as long as the maximum number sold in one run does not breach the specific sale selling conditions.
